## Renewal of Symphony Agreement with GroupM

Adslot Ltd (ASX:ADS) is pleased to announce that it has executed an agreement to extend the term of its multi-market *Symphony* Master Services Agreement (MSA) with GroupM, the world's largest media investment company. This amended agreement sees an effective extension of the term of the MSA, first signed in August 2016, by no less than 3 years, until at least July 2024.

In addition, the amended agreement sees the extension of trading terms for the *Adslot Media* marketplace to all markets where *Symphony* is deployed. These terms will enable GroupM markets using *Symphony* to access the integrated *Symphony – Adslot Media* solution without the need for commercial agreements at a local level.

Further, this amended agreement confirms a number of historical changes, both temporary and permanent, to fees not related to market deployments. These changes to fees were previously disclosed by the Company in its January 2021 Trading Update.

Adslot CEO, Ben Dixon said, "We are very pleased to have finalised this renewal to our long-standing *Symphony* agreement with GroupM. In particular we anticipate that the extension of the *Adslot Media* trading terms to all *Symphony* markets will enable us to replicate the initial success we have seen with the integrated solution in Austria to additional markets over time. Following the recent announcement of the use of the *Adslot Media* platform as a component of GroupM's Premium Supply initiative, this further highlights the relevance of Adslot's products to the largest and most sophisticated buyers of digital media."
